PFS Welcomes Skyline Homes

On January 31, 2005, PFS Corporation officially welcomed Skyline Homes, a major player in the factory-built construction industry. Skyline produces a wide range of homes to fit a variety of consumer needs from single section HUD-Code homes to 2700 square foot modular homes. In addition, Skyline produces recreational vehicles for the traveling and vacationing population.

The PFS Quality Control Department at headquarters and all regional offices — Midwest, Western, South Central, Southeast and Northeast — are providing plan review and quality control services to Skyline's 16 manufacturing plants located coast to coast.

“Skyline is very pleased to have begun this association with PFS Corporation,” reports John Mikel, P.E., Skyline's Chief Engineer. ***“We believe that PFS has the personnel, the experience and the desire to provide the high quality service important to Skyline. We look forward to a long and mutually successful relationship.”***

Some of Skyline's product lines are shown above. Visit www.skylinehomes.com for more information .

View the PFS Listing Directory on www.pfscorporation.com to find the listings of all 16 Skyline manufacturing facilities.

PFS Seminar #71

Encore congratulates Delma Sheaffer, Excel Homes, who had logged a total of 210 seminar hours by the close of PFS Seminar No. 71. (Center photo at right)

“I really look forward to going to the PFS seminars,” Delma told Encore. “I enjoy the good discussions we have on code issues and gain many insights. It’s great to have this opportunity to keep in touch with industry peers as well.”

Other seminar attendees interviewed lauded Keith Lofland’s presentation titled *Residential Electrical Inspection Checklist Based on the NEC Code 2002 with Updates to NEC 2005* as being both relevant and beneficial to them as inspectors and engineers.

Bob Hoffman of Muncy Homes said, “Mr. Lofland explained the electrical code requirements and gave us an understanding of how those requirements apply to both engineers and inspectors.”

Myron Yoder, Apex Homes, agrees. “The electrical presentation was very informative and directed to inspectors explaining what to look for during our inspections.”

PFS Seminar No. 71 was held in State College, PA, on January 20 & 21, 2005, with seventy individuals in attendance.

PFS Seminar No. 72 is scheduled to be held April 14 & 15 at the Kalahari Resort and Convention Center in Wisconsin Dells, WI. For more information, please contact Angie Udelhofen at 608.224.5514, audelhofen@pfscorporation.com, or Bob Gorleski, EIT, at 608.224.5516, rgorleski@pfscorporation.com.

Seminar attendees with more than 100 hours: Ricky Day, Mascot Homes; Delma Sheaffer, Excel Homes; and Thomas Edwards, Lake City Manufactured Housing.

PFS awarded plaques to four employees at Seminar #71 for years of service to PFS Corporation and its clients. They are (left to right):

Mike Cyphert—5 years
Brad Berkheiser—5 years
Milt Stoltzfus—20 years
Brian K. Willis, P.E.—15 years

Congratulations from Encore.

PFS Label Control Expands to Serve Clients

“PFS Label Control has expanded to help serve our clients’ needs more efficiently,” announces **Catherine J. Putnam**, General Manager of Label Control (*seated at left*). “As of January 3, 2005, we added two new staff members.”

As full time Modular Label Coordinator, **Julia Oostdik**, (*standing at right*) is responsible for sending and recording all PFS and State modular labels. Julia is our former receptionist, the friendly voice you heard answering our phones before we all got direct lines in the Madison office.

Mary Lo (*standing at left*) serves PFS and its HUD Code home manufacturer-clients as HUD Label Coordinator. She accepts orders for HUD labels, fills the orders, maintains records and files reports of HUD labels issued.

Debbie Stephenson, Label Control Assistant (*standing middle*), is the newest addition to the label control department. She performs many duties including keeping the department current with its ever-growing data entry needs. Welcome Debbie!

A Happy Holiday Party at PFS on January 14th
