PFS Relocates

The weekend beginning March 23, 2007, PFS Corporation will move to its new home located at:

**1507 Matt Pass
Cottage Grove, WI 53527**

**Telephone: 608/839-1013
Fax: 608/839-1014**

All PFS facilities in the Madison, Wisconsin area — Headquarters, Quality Control Department, Laboratory and the Midwest Regional Office — will soon be together under the same roof.

“We see this consolidation as a plus for PFS,” says Michael J. Slifka, PE, President of PFS Corporation. “Having everyone together in the same building bodes well for better communication and efficiency.”

“The decision to move the PFS offices coincided with the terminations of our leases and discovery and availability of an ideal building large enough to accommodate all PFS Madison offices and Laboratory under one roof,” said Slifka. “We’re pleased to be moving into a “new home.”

Beginning on Friday, March 23rd, PFS will be closed for business and “off the air” so we can disconnect, transport and reconnect our computers, servers, telephones, faxes, copiers, etc. This work will go into the weekend as well. Monday, March 26th, will be the “Contingency Day” dedicated to ironing out any “opportunities” that may occur. Any plan review accomplished that day will be a bonus.

Note: Plan reviewers who are “remote” from the PFS office in Madison will also be affected since the move will involve moving and reconnecting servers, probably new IP addresses, re-establishing the remote communications, etc., all of which will need to be completed before the remote office computers are back in operation.

As of Monday, **March 26, 2007**, the new PFS address will be as stated above. We will provide a complete directory of direct dial numbers as soon as they are finalized.

PFS believes this new location and subsequent reorganization will provide a better quality of service to its clients and better communications to all state and federal regulatory agencies.
