
Chapter 11

HARDWOOD PLYWOOD PANELS & COMPOSITE ASSEMBLIES

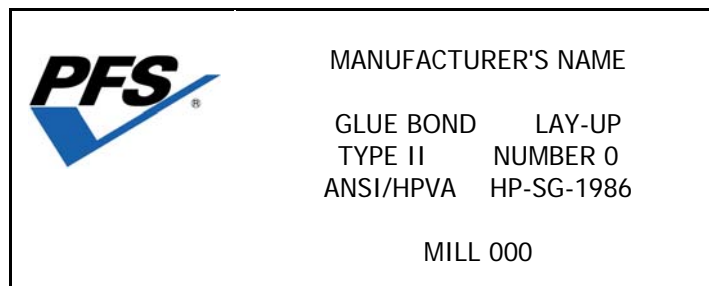

Listing by Trademarking

Hardwood plywood panels & composite assemblies are listed under a service designated as *Listing by Trademarking*. This section covers the structural testing and listing of various types of panels and composite assemblies which were tested using at least one of the following standards: *ANSI/HPVA HP-1-1994, Hardwood and Decorative Plywood and Panels; ANSI/HPVA HP-SG-1986, Structural Design Guide for Hardwood Plywood; ASTM E 72, Conducting Strength Tests of Panels for Building Construction; or ASTM E 564, Static Load Test for Shear Resistance of Framed Walls for Buildings*. The material classification is shown on the PFS label. The PFS label on said product(s) is evidence that the manufacturer is under contract for trademarking and follow-up inspection service.
